

Panel Mount XLR to RJ45 DMX Adapter

5 pin male or female XLR to RJ45 socket for DMX applications.

Can be panel mounted from the rear using M3 screws.

For use where cables have been installed & wall plates or patch bays need fixing at high speed & in a cold (no soldering) environment.

The depth behind the panel is 53mm, see NC5FDM3-H, NC5MDM3-H for other dimensions.

5 pin female XLR to RJ45 socket

Order Code : NC5FDM3-H-PCB-RJ45

5 pin male XLR to RJ45 socket

Order Code : NC5MDM3-H-PCB-RJ45
