

## NAC3FPX-TRUE1

The "powerCON TRUE1 airtight" is a locking true mains connector for harsh and demanding applications. This innovative product is part of the powerCON-TRUE1 product group and belongs to our premium powerCON-TRUE1 line. With an impressive array of features and a particular focus on protection and performance, the powerCON airtight" is the choice for professionals who require absolute reliability. It replaces appliance couplers wherever a very rugged solution in combination with a locking device is needed in order to guarantee a safe power connection.

With the powerCON TRUE1 airtight, you can count on a secure connection, even in the most extreme conditions.

The powerCON TRUE1 is a connector series with breaking capacity (CBC), i.e. it can be connected or disconnected under load or live.

## **Features & Benefits**

- Airtightness for production line tests to ensure TRUE OUTDOOR PROTECTION on devices
- Heavy duty sealed power connector for harsh and demanding environment
- Uses high impact UV-resistant materials
- Extremely robust and reliable

- ✓ ENEC and VDE certified according to IEC 60320-1 and EN IEC 60320-1
- ✓ UL and CSA Certified According to UL 60320-1 and CSA 22.2 No. 60320-1
- ✓ IP65, IP66 and IP67 (mated or with closed cap)
- ✓ True mains connector with breaking capacity (CBC)
- Easy and reliable twist lock system

## **Technical Information**

| Product        |                 |
|----------------|-----------------|
| Title          | NAC3FPX-TRUE1   |
| Product family | powerCON® TRUE1 |

| Electrical                    |  |
|-------------------------------|--|
| Contact resistance            | $\leq$ 2 m $\Omega$  |
| Dielectric strength           | 4 kVdc / 2.8 kVac  |
| Insulation resistance         | > 1 G $\Omega$ (after damp and heat test IEC 68-2-30)  |
| Number of electrical contacts | 2 + PE   |
| Rating Europe                 | 16 A / 250 V AC according to EN IEC 60320-1  |
| Rating America                | 20 A / 250 V AC according to UL 60320-1<br>20 A / 250 V AC according to CSA C22.2 No.<br>60320-1 |

| Mechanical     |                      |
|----------------|----------------------|
| Lifetime       | > 5000 mating cycles |
| Wiresize (mm²) | 2.5 mm <sup>2</sup>  |
| Wiresize (AWG) | 12 AWG               |

| Material        |                   |
|-----------------|-------------------|
| Contact plating | 2 μm Ag           |
| Locking element | Stainless steel   |
| Contacts        | Copper Alloy      |
| Shell           | Polyamide (PA 66) |

| Environmental     |   |
|-------------------|---|
| Flammability      | UL 94 V-0   |
| Protection class  | IP 65 / 66 / 67 (mated or with closed caps)                                     |
| UV resistance     | F1 rated material withstands UV exposure  |
| Temperature range | -30°C to +80°C according to IEC 61984<br>-5°C to +40°C according to IEC 60320-1 |
