

## NBB75DSG

Grounded BNC chassis connector, solder version in nickel D-shape housing

Neutrik's BNC chassis connectors offer a true 75  $\Omega$  design for serial and digital (HD) signals. The machined brass connector body provides an extremely rugged and non-abrasive connection over long term use and is in addition recessed and therefore well protected in a D-shape housing (audio industry standard).

## **Features & Benefits**

- Gold plated center contact
- $\checkmark$  True 75  $\Omega$  design meets the stringent HD requirements
- Grounded panel mount
- Standard D-shape housing provides flush mounting and protection from demage
- Color coding possible
